GOVERNMENT CENTER
MAP AND DIRECTORY OF BUSINESS FIRMS
EACH EMPLOYING TWENTY OR MORE PERSONS

INTRODUCTION

The map and directory of business firms each employing twenty or more persons in the Government Center Project Area was prepared to give focus and assistance to our business relocation effort about to be undertaken.

Businesses listed on the map are broken down into four groups according to the number of employees of each business. Businesses are arranged alphabetically within each of the four groups.

The directory contains the firm name, its chief officer, address, telephone number, and number of employees of some forty-five businesses. The principal business activity and a notation as to whether the business owns or rents its present quarters is also noted.

Data was obtained by direct contact with each business either by personal interview or telephone or in some cases, both.
